Tweeting Tips

How to maximize engagement and limit the chances of being shadowbanned. Source: <https://tweethunter.io/blog/twitter-algorithm-full-analysis>

Things to Do:

- 
- Subscribe to Twitter Premium = More engagement and less shadowbans
 - Check if you are shadow banned at <https://shadowban.yuzurisa.com/>
 - If you see you are shadowbanned, then delete the post responsible
 - Use bulletpoints of 3 lines instead of using paragraphs
 - Have a banner, profile pic, and a filled out bio
 - Images in tweets increase engagement
 - Reply to replies to your posts
 - Use hashtags when relevant
 - Like and retweet often
 - Use emojis often

Things NOT to Do:

- 
- DO NOT make 1-word posts
 - DO NOT interact with shadowbanned accounts
 - DO NOT copy and paste posts (you look like a bot)
 - DO NOT use images for EVERY post (Use 1 out of 4 instead)
 - DO NOT use more than 2 or 3 hashtags per post (it limits reach)
 - Limit external links whenever possible (especially to other social media sites)
 - Avoid following too many accounts at once (take a few minutes break in between)
 - Limit interactions with accounts less than 1 month old (less than 3 months to be safe) Avoid liking/retweeting too many posts at once (take a few minutes break in between)

Other IMPORTANT Things to know

- Like other \$FINE replies to raise them to the top
- DO NOT follow more than 60% of your followers
- Repost your own tweets after 6 hours
- o Relevancyscorewilldecreaseby50%every6hours
- Unknown/misspellings/made-up words have a negative impact
- Controversial topics or misinformation have a negative impact
- Mute, unfollows, reported tweets, blocks are EXTREMELY BAD

Some Relevant Hashtags (Don't use more than 2 or 3)
